

**DOCTOR DISCOVERS
A NEW DISEASE**

Atavicism, Physician Says, Is Frequently Mistaken for Appendicitis.

(Special to The Evening World.)
CHICAGO, April 12.—Dr. James John Monaghan of Chicago, lecturing in Saginaw, Mich., before the Saginaw County Medical Society, announced the discovery of a new disease which he calls atavicism. It is similar to appendicitis, he says, and many operations are performed for the latter which do not benefit patients because in reality they have atavicism.

The disease is an inflammation of the intestines due to the eating of highly concentrated food, which minimizes the

work of the intestines and causes them to degenerate. In this respect he compared man to parasitic animals which have degenerated intestines. The condition occurs when little pouches form on the intestinal wall and tend to retain the intestinal contents, causing infection.

**ZIONISTS DRAW
CROWD OF 14,000**

Half of Them Unable to Enter Armory at Enthusiastic Popular Reception.

Before 6 o'clock last evening a stream of people began to pour into the 89th Regiment Armory, Lexington Avenue and 25th Street, to attend the popular reception in honor of Dr. Chaim Weizmann, President of the

World Zionist Movement, Dr. Albert Einstein, the distinguished scientist, and the other members of the Zionist delegation now visiting New York. By 7 o'clock the sidewalks on the four sides of the block were jammed, with more than 7,000 persons inside, and fully as many without, clamoring for admission, but held back by 200 policemen, under Inspector Coleman. Dr. Weizmann made an appeal for "the ancient Jewish title, a tenth of each man's income," to raise the immense sum needed to make the "Karen Hayesod" (return to Palestine) possible.

Dr. Einstein made a brief speech in German: "Brothers and Sisters: Follow our leader, Dr. Weizmann, and no others. I have spoken." He was tremendously applauded.

President Butler of Columbia University made an address of welcome,

and telegrams were read from President Harding, Charles E. Hughes, Gov. Miller and Senator Calder.

TWO SUBWAYS TIED UP

Fire on Bridge, Current Off on East Side Line.

Traffic was tied up for thirty minutes early to-day by a blaze on the New York bound tracks of the B. R. T. near the Brooklyn tower, central span, of the Williamsburg Bridge. The blaze, believed to have been caused by a cigarette or defective insulation, burned twenty feet of ties and was extinguished with chemicals.

A cessation in the current on the East Side Interborough subway delayed trains from six to twenty minutes and caused thousands of people to be delayed in reaching their work. The delay was attributed to the dropping of a "dash board" at Fulton Street. Trains were held up as far north as 125th Street.

"Home, dear home, small as thou art, to me thou art a palace," sighed the warrior-poet, D'Annunzio, when grim-visaged war kept him far from his little villa.

The bride-to-be who plans to embark on life's great adventure in a small apartment can appreciate this sentiment, for a few rooms may be as pleasurable as a palace if furnishings are confined to "just enough" choice pieces, simple in design and delicate of line.

There is one thing that will help more than anything else to lessen the number of pieces of furniture needed—a day bed. It answers many a worthy purpose and is most artistic and comfortable. Some exceedingly handsome ones designed especially for the small apartment will be found on our Seventh Floor, priced surprisingly low. Artistic ones of Wicker are displayed on the Fifth Floor. These are even less expensive.
